The three aims of scouting: **Character, Citizenship and Fitness** provide the foundation to the program where we teach scouts how to be better citizens, develop moral strength and character, and develop physical, emotional and mental fitness. These are accomplished through weekly troop meetings, various outings including day hikes and overnight camping, community service, summer camps and advancement through scout ranks.

Troop 1 is a family oriented troop where parental involvement is always welcome; we encourage you to bring your parents to this meeting.
